### PROJECTS COMPLETED

- **Real time chat app using MERN** : Built a chat app with Socket.io using MERN stack. Implemented Login, Sign up and chat in group features.
- **Live news React JS** : Build with news API and React.
- **I-notes** : Web App which create and store notes using JS
- **10 Projects of JS** : 10 different projects with vanilla Javascript
- **Tappy Card** : Tappy Card, based on NFC technology, can also be used as a digital business card. Instead of exchanging paper business cards, Tappy Card allows users to share their contact information, social media profiles, and other personal details by simply tapping their card on a compatible device.
- **Web Scraping**: Customer review analysis and visualization of Flipkart product
